

## **Maden Technologies Awarded Contract with State of Florida**

**ARLINGTON, VA November 2, 2009**—On October 1, 2009, Maden Technologies received a State of Florida Term Contract for Information Technology (IT) Services for the Department of Management Services (DMS). Maden Technologies received an award in all four project areas: (1) Analysis and Design, (2) Development and Integration, (3) Operational Support, and (4) Staff Augmentation. This contract is valid through August 31, 2012.

The State of Florida DMS supports the areas of state purchasing and technology, human resource management, retirement benefits, health benefits, real-estate management, and specialized services. Its mission is to deliver quality products and services that allow all levels of government to better serve the citizens of Florida. Maden Technologies is excited to begin supporting this important agency, expand on our state and local experience, and extend our nationwide reach.

Founded in 1986, Maden Technologies is a leading-edge integrator of IT and cyber security solutions for the public and private sectors. We offer our clients a full suite of information assurance services, technology solutions, including identity and access management, operations and security services, network engineering, security protocols, and learning services. We are a verified Service-Disabled Veteran-Owned Small Business.
